Back drag Edge kits cannot be used simultaneously with shoe kits. Curb guards and Wing kits cannot be used simultaneously. 10'6" comes standard with curb guards.

BACK DRAG EDGE

Ensure a clean scrape every time, when you back drag. The WESTERN back drag edge is built to be as rugged and durable as every other component of your plow. Constructed of 0.25" abrasion-resistant steel and angled to maximize back dragging performance. This easy to install back drag edge is a key tool in any snowfighter's kit.

**Back Drag Edge and Shoe Kits cannot be used simultaneously.*

PART NUMBER

#44282-3 For 8' 6" Models

#44283-3 For 9' 6" & 10' 6" Models

CURB GUARDS

Go right up to the edge with bolt-on curb guards. Protect the outer edge of your MVP 3™ snow plow from wear when plowing along sidewalks and curbs. Made of cast metal, each curb guard effectively protects the outer edge of the plow.

**Curb Guards and Wing Extension Kits cannot be used simultaneously.*

**10'6" Model includes standard Curb Guards.*

PART NUMBER

#43885 For 8' 6" & 9' 6" Models

BLADE STOP KIT

Protect your plow by ensuring heavy snow loads are distributed evenly with the blade stop kit. Made of reinforced, 0.188" high-strength steel that reduces stress on the plow's back iron and hydraulic rams for improved service life and performance. The easy-to-install kit comes with all of the required hardware.

PART NUMBER

#43082 For 8' 6" & 9' 6" Models

CARBIDE CUTTING EDGE

Abrasive surfaces and increased plowing speeds, often found in municipal and commercial applications, can increase the wear rate of standard steel cutting edges. Combat high replacement cycles with WESTERN carbide cutting edge kits for the 8' 6", 9' 6", and 10' 6" MVP 3.

PART NUMBER

#86888 For 8' 6" Models

#86886 For 9' 6" Models

#86897 For 10' 6" Models

POLY CUTTING EDGE

Sensitive surfaces found in many residential and commercial applications require a more forgiving approach. Reduce the risk of property damage with Poly Cutting Edge Kits for the 8' 6", 9' 6", and 10' 6" MVP 3.

PART NUMBER

#86882 For 8' 6" Models

#86879 For 9' 6" Models

#86877 For 10' 6" Models

WING EXTENSION KIT

Get more jobs done faster with wings. These plow wings increase the overall plowing width by one foot, add up to 30% more carrying capacity, and minimize snow spill-off. Made of 12-gauge steel with high strength steel ribs, these durable wings attach quickly and easily with a single pin.

**Wing Extension Kit and Curb Guards cannot be used simultaneously.*

PART NUMBER

#43510-1 For 8' 6" & 9' 6" Models

10" RUBBER DEFLECTOR

Control the snow and always see where you're going with optional deflectors. The 10", 2-ply rubber snow deflector fits all MVP 3™ v-plow blades. Bolt on steel plates ensure proper positioning of the deflectors to keep your view clear and clean.

PART NUMBER

#41810-1 For 8' 6" & 9' 6" Models

#86873 For 10' 6" Models

18" RUBBER DEFLECTOR

Control even more snow with extended deflectors. Designed for the largest plows, extended deflectors ensure a clear view of your job site. The 18", 2-ply rubber snow deflector fits all MVP 3™ blades. Bolt on steel plates ensure proper positioning of the deflectors to keep your view clear and clean.

PART NUMBER

#41811-1 For 8' 6" & 9' 6" Models

#86875 For 10' 6" Models

SHOE KIT

Protect your plow and the road, while extending the life of your cutting edge with an adjustable shoe kit. The cast iron construction and shape increases the surface contact area and helps glide over gravel and dirt at the correct height. Extending cutting edge and base angle life when plowing on rocky or abrasive surfaces.

**Shoe kit and back drag edges cannot be used simultaneously.*

PART NUMBER

#43088 For All Models

EXTREME WEAR SHOE KIT

Protect your plow and the road, while extending the life of your cutting edge with an extreme wear shoe kit. Made of AR400 steel, adopted from municipal applications, this adjustable shoe kit increases the surface contact area and helps glide over gravel and dirt at the correct height. Extending cutting edge and base angle life when plowing on rocky or abrasive surfaces.
