Options	V43	Wood floor with 6 D-rings
	VK8	Floor covering, plastic

Note: see restrictions in combination with metallic paint

Special Rule for cargo vans with metallic paint

Paint Code	5890/7755/7992/9197/9775	
Must have one of	V43	Wood floor with 6 D-rings
	VK8	Floor covering, plastic
	ZZ9	No floor covering; requires customer floor installation Package contains: V93 - No factory installed flooring VL4 - Metallic painted floor

Note: Fleet only

Additional comments ZZ9 Package

While applying the required clear coat layer to the metallic painted cargo floor, imperfections could occur. Therefore, we strongly recommend to install flooring in the cargo area for vehicles with a metallic paint.

Please be aware that potential paint appearance, contamination or imperfections of the uncovered cargo floor are not considered a defect and are therefore not reimbursable for repairs.

Hermes Module for Government contracts

Note: municipal and county business is still

Please note that all Sprinter vehicles with the code **JH3** (*communications module LTE – standard equipment for all Sprinter*) are no longer eligible for tenders, sales, and lease or rental contracts with U.S. federal institutions, such as U.S. governmental bodies, U.S. authorities, U.S. embassies and diplomatic missions as well as U.S. armed forces worldwide.

The background is a new U.S. provision that prohibits the U.S. federal government from entering into, extending, or renewing contracts with any entity that uses any equipment, system, or service that uses telecommunication equipment incorporating certain Chinese technology (Interim rule to Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, published in the U.S. Federal Register on July 14, 2020).

Since Mercedes-Benz Vans vehicles currently do incorporate such covered technology (code JH3), business with U.S. federal contractor is no longer possible. The new rule applies to contracts entered into after **August 13, 2020** or contracts entered into before **August 13, 2020** of which the supply of vehicles takes place after that date.

Ordering

If you are planning to supply a customer out of the above listed groups with Sprinter vans, please be aware that JH3 is standard for all Sprinter models. Therefore, a special ordering process is required. For details, please reach out to your responsible RSM.

Removal of JH3 from stock vehicles

The Hermes Module can be removed from vehicles. Please contact Service & Parts for details.

"Incomplete Vehicle" Packages - Fleet Only

If any of the below packages are ordered, vehicle will become an "incomplete vehicle"! In this case an upfitter will become the final stage manufacturer. Please note that the involvement of an upfitter is required to register the vehicle. We recommend working with one of our ExpertSolutions Partners.

"RV Bundles" for Cargo and Cab Chassis Models

RV0 and RV1 are bundling essential product features specifically for RV upfits. MBUSA Product Management suggests that these bundles are added to any vehicle that will receive an RV-type upfit in order to allow an easier upfit process, enhanced technical usability as well as an improved driving performance tailored to RV vehicle characteristics.
