SPECIFICATIONS

MSV-BK-500-G

Matthews Specialty Vehicles is pleased to provide a self-propelled Bookmobile. This 22' unit will be constructed using the Ford Transit gas chassis. Desk installed with aluminum book shelving installed throughout the interior. Conversion includes associated electrical, interior/exterior LED lighting, HVAC, and Wi-Fi package.

Our proposal includes but is not limited to the following:

1. Matthews Specialty Vehicles Ford Transit
2. Awning, electric
3. Cabinetry – Laminate
4. Ceiling – white, smooth FRP
5. Countertops – Laminate
6. Electrical -120/240 VAC system rated for anticipated conversion load
7. Electrical -12VDC negative ground system rated for anticipated conversion load.
8. Electrical – 3000W Inverter/Charger installed
9. Electrical - 30-amp heavy-duty rubber covered 120/240-volt twist lock shoreline cord
10. Electrical - exterior duplex receptacle with weather resistant cover
11. Electrical – interior duplex receptables
12. Floor Covering – Commercial Grade PVC or Vinyl Flooring
13. HVAC – chassis driven tie in system with cooling capacity and heating capacity
14. Interior Layout – Desk/Workstation installed with storage and aluminum book shelving installed throughout the interior. Conversion includes associated electrical, interior/exterior LED lighting, and HVAC.
15. Liftgate – Tommy Gate exterior liftgate installed
16. Lighting – Exterior (1) 12v Scene Lights
17. Lighting – Interior 12v 6" LED lighting
18. Safety - Audible security system with magnetic door sensors
19. Safety – Backup alarm
20. Safety - CO detector
21. Safety – First aid kit
22. Safety – Reflective triangles
23. Safety - Smoke detector
24. Safety – 5lb fire extinguisher
25. Walls – ½" cabinet grade plywood finished with natural wood, maple or oak finish
26. Wi-Fi Package – Peplink MAX BR1 mini LTEA, 5G Repeater Kit, Mobile Mark Antenna (or equal)
