OVERVIEW

The ArmaLite M15TAC11-NFA Tactical Rifle is designed for armed professionals in a wide range of environments. The M15TAC11-NFA compact design allows for easy maneuverability, and is fit for close quarter operations. With a fully ambidextrous design, the M15TAC11LE-NFA features an ambidextrous charging handle, magazine release, and safety selector for ease use. All ArmaLite Tactical Rifles come standard with an ArmaLite Tactical Brake, flip-up sights, and magazine.
